Pitcrocknie

VILLAGE

Named after the ancient Pitcrocknie Stone which forms a feature within the development, Pitcrocknie village occupies 140 acres, with 60 acres comprising the residential village which will when fully completed encompass 200 or more houses, a 60-bed state-of-the-art care home specialising in Dementia care, a 9 hole golf course, commercial/office units, extensive walking/buggy paths, communal gardens, woodlands, a regenerated “Back Burn” feature, and ponds.

LOCATION

and amenities

Pitcrocknie village is located on the site of the former Glenisla Golf Course, owned by Glenisla Developments Ltd. The Village is a multi generational, mixed-use development, with no age restrictions on house buyers, featuring a care home situated on the Northwest boundary of the village which opened in February 2026. This high specification 60 bed care home is owned and operated by a Top 20 UK Healthcare Group, “Care Concern”, with the home specialising in Dementia care.

The area provides a highly sought-after, peaceful, yet well-connected rural lifestyle. From the development, it is a reasonably short walk to the amenities of the historic village of Alyth, and it is also within easy driving distance to Blairgowrie, Forfar, Dundee, and Perth, where a wide range of shopping, leisure, and cultural facilities can be enjoyed. The Village occupies 140 acres, 60 acres comprising the residential development, and 80 acres the owned 9 hole Glenisla Golf Course which is managed by the adjacent Alyth Golf Club. Residents of the Village can enjoy discounts on membership of the 9 hole Glenisla Golf Course.

At maturity, the village will comprise over 200 houses (mostly bungalows), care home, golf course, some commercial units to the East of the development, extensive woodlands, ponds, communal landscaped areas, and walking/cycling paths.

In time, Pitcrocknie will enjoy its own village council identity, and is ideal for residents of all ages including “downsizers” and first time buyers. The village is popular with the retired and elderly due to the peace, tranquility and nature, but also due to the easy commuting distances to the major towns and cities within a 20 mile radius. The state of the art care home also offers healthcare options for residents with a variety of care needs.
